

# Great Things are Happening with Character Counts Mid Shore!

Elementary students learn about **Responsibility** and how to **Trust** local police officers.

Students practice the pillar of **Caring** by collecting canned goods for a local food pantry during the holidays.

High school juniors register to vote as they learn about the importance of **Citizenship**.

All six area high schools received **Six Pillars** road signs. These serve as a reminder to practice good character decisions. Most high school students are drivers and the signs are a real eye-catcher.

Students learn about the "Talking Stick" used by Native Americans. The person holding the stick is the only person talking and all others must show **Respect** by remaining silent.

Proper flag etiquette, including how to fold our country's flag, is just one of the many lessons for students. They also learn about our flag and how to **Respect** veterans.
